

Our Services

Dermatology is the specialty of medicine concerned with the diagnosis and treatment of skin disorders, including skin cancers. Dr. Wegman has both an extensive background in Internal Medicine as well as Dermatology, specializing in the following areas:

- Exams and Diagnostics for patients with skin abnormalities
- Surgery to remove pre-cancerous and cancerous skin growths, and abnormal-appearing moles
- Treatment for skin abnormalities such as acne, sun-damaged skin, contact allergic dermatitis, rosacea, psoriasis, uncertain skin eruptions and growths, and skin cancer
- Education on overall skin care and skin cancer prevention.

Payment Options

Most medical insurances are accepted. Dr. Wegman's staff is very knowledgeable and helpful with medical insurance reimbursement procedures. To ensure proper billing, please have your insurance information or card available at the time of service.

Payment for office calls and co-pays should be made at the time of your visit, unless prior arrangements have been made. For more information on specific insurance providers, please contact the office by calling (989) 723-8281.

Scheduling an Appointment

Appointments are scheduled during office hours by calling **(989) 723-8281**.

If you are unable to keep your scheduled appointment for any reason, please provide at least 24-hour notice.

For the best possible care, bring an updated list of medications, allergies, and other related medical information to your appointment.

Expertise and Experience Make the Difference

Recognized for integrity, staying abreast of the latest medical breakthroughs, and always going the extra mile to provide excellent patient care.

Patrick A. Wegman, M.D., received his undergraduate degree with honors from Aurora College in 1975 and is a 1978 Magna Cum Laude honors graduate of Loyola University Medical School. He completed his internship and residency in Internal Medicine at Mayo Clinic and subsequently completed his Dermatology residency at the University of Minnesota in 1983. Dr. Wegman received his Board Certification in Internal Medicine in 1981 and his Dermatology Board Certification in 1984. As part of his commitment to continuing education, he voluntarily completed his Dermatology Board Recertification.

Dr. Wegman is a member of Alpha Omega Alpha, the American Academy of Dermatology, the Michigan Dermatology Society, Michigan State Medical Society, the Shiawassee County Medical Society, and the American College of Physicians. Since February 1984, he has been in private practice in the Mitchell Medical Building at Memorial Healthcare. He works in close association with the University of Michigan Melanoma Clinic and Cutaneous Surgery Center.

It's Safer in the Shade!

The American Academy of Dermatology recommends that you take the following steps to protect yourself from the sun's harmful rays:

Watch the clock

Stay out of the sun from 10 a.m. to 4 p.m., when the sun's rays are strongest.

Make it a routine

Use broad-spectrum UVA and UVB sunscreen everyday.

Choose SPF 15

Whenever you go out, use a sunscreen with SPF 15 or higher.

Reapply

If you're out in mid-day sun, apply sunscreen (even the waterproof kind) every 2 hours.

Watch out for reflected sunlight

Sunlight reflected from water or snow can burn your skin faster.

Cover up

Wear long pants and shirts with sleeves. If the sun can't get to you, it can't hurt your skin.

Wear a hat

Choose one with a wide (4-inch) brim to protect your face and neck.
